Manufacturer: Ventura Foods, LLC

Product Name: All Edible Oil Products

Ventura Foods, LLC

June 23, 2003

Dear Valued Customer:

Concerning your request for Material Safety Data Sheets (MSDS) for our edible oil products, I offer the following: As outlined under 29 CFR 1910.1200(b)(5) and (6), food products are exempt from the Occupational Safety and Health Administration (OSHA) Hazard Communication Standard. Refined vegetable oils are foods as determined by the U.S. Food and Drug Administration (FDA) and enjoy the GRAS (generally regarded as safe) status. Packaged liquid edible oils in commerce do not constitute a health hazard nor pose a safety risk as defined by OSHA Standards.

Our product label, which is developed to meet the FDA regulations, serves as a valuable source of information for our customers.

Should other questions arise concerning our product(s), please contact us.

Sincerely,

VENTURA FOODS, LLC
